

## Crickhowell Rotary working for Town's War Memorial Health Centre

Tuesday, 7 March 2017 By Tim Butters in Community News

Excerpt from the Abergavenny Chronicle (<http://www.abergavennychronicle.com/>)

*Pictured at the presentation of an examination couch at the practice are (from left to right) Practice Nurse Gail Blackwell, Frank Williams (Rotary), Stephen Flynn (Rotary), Geoff Davies (Rotary), Dr Paul Barnes, Dr Douglas Payton, Dr Cathy Stoker, Ros Jones (Practice Nurse) and lying on the examination couch, Hywel Bevan (President of Crickhowell Rotary Club).*

**CRICKHOWELL Rotary Club** are raising funds to fully equip the town's War Memorial Health Centre with some brand new examination couches. In recognition of the quality of service provided for the community by Crickhowell War Memorial Health Centre, and in keeping with one of Rotary's objectives of applying funds raised locally for the benefit of the local community, the Club consulted with the Health Centre as to how Rotary might assist in further enhancing the service already provided. It was decided that to equip each consulting room with an examination couch would greatly improve patient facilities and be of considerable assistance to medical practitioners in diagnosing and administering treatment for an increasingly elderly and frail local population.

This project will be uppermost in Rotary's fundraising this year and should local residents wish to make direct donations to this project their contributions would be gratefully received by the Rotary Club of Crickhowell.
